The D.C. Cuddapah recommends the acceptance of Rs 4000 at favourable rate of interest.
The intentions of the donor appear to be charitable and of the kind approved under the rules of 15th July 1909. Under the circumstances often can the deposit may be accepted. It is the donor's desire that the institution should be taken under the management of Govt. but in this point as well as the acceptance of certain buildings and land a further report is promised after local authorities and the question may therefore be reserved for future consideration.
